

Message from Group Director

Dear Students & my Colleagues,

“Be the Change”

This is a nostalgic moment for me to inherit such a strong and successful legacy of **Chameli Devi Group of Institutions (CDGI)**. I extend my thanks and sincere regards to the Chairman Shri Vinod Kumar Agarwalji, Vice-Chairman Shri Snajay Kumar Agarwalji, and Coordinator, Shri Pramod K Shrivastavaji, for giving me an opportunity to serve as Group Director for this well-established reputed institution. I also express my regards to all my learned predecessors, senior colleagues, without the help of whom this would not have been possible. I feel proud and privileged to serve you as a Group Director.

I reach out to you in sharing our tireless efforts in grooming future leaders, inspiring each student in shaping his/her tomorrow and taking them to the threshold of the new beginning of their professional career. I am overwhelmed to greet you as **Group Director of CDGI**, and welcome you to be in a highly professional environment, to aspire for a brighter tomorrow, for we aim to groom quality human resources for the Nation.

As I see my students climbing up the career ladder, on the path of success as each year passes by, I thank my team of dedicated faculty members and staff for their tireless efforts in grooming each student in **being the change**.

Metamorphic transformation and changes are taking place in the field of science and technology around the world that, what you learn today, will not assure and guarantee you the job you undertake and deliver tomorrow. Your mindset and

attitudes should be attuned to every step you put forward, to accept the changes taking place, at a faster pace in your domain knowledge with the help of Artificial Intelligence, Automation and Machine learning etc.

Each human is a storehouse of enthusiasm, efficacy and enlightenment in transforming the dreams into reality, in bringing the change, only if you have the conviction and confidence to say, **“Yes I can” and collectively ‘We Can’**.

With this conviction we March Ahead, open new avenues for learning and empowering the youth with knowledge, innovation and better understanding. On this new dawn of knowledge expansion we are excited to **welcome you!**

Come, and “Be the Change”!

Best Regards

Dr. Joy Banerjee,
